

6/24/2021

Dear valued customers,

I wanted to take a moment to reach out to you regarding the increase you will see in your propane cost for this coming heating season. Propane prices increased by more than 30% during the 2020-2021 heating season, predominantly due to the slowing of production during the pandemic.

Your previous years propane cost was \$1.89 per gallon, your cost this year will raise to \$2.35.

If you have any additional questions, comments, or concerns please do not hesitate to reach out to me directly at [Jsalkeld@suburbanpropane.com](mailto:Jsalkeld@suburbanpropane.com)

Regards,

Jonathan Salkeld
