OPERATIONS COMMITTEE UPDATE

Update from Committee to Improve Energy Efficiency in the SV Clubhouse

In February, the committee reported about changes being made in the Clubhouse to improve energy efficiency and reduce costs. These changes have been in place for over a month and we are pleased to report that the response from the community with helping us meet our goals has been tremendous. During our process, the committee generated a Home Energy Savings Checklist for the individual homeowner. You will find this list on our website under Affairs of State. Additional hard copies are available at the front desk.

Remember when you are dealing with electricity, be safe. Hire a qualified professional to do the work. Remember when you are walking through your Clubhouse, please turn off lights in rooms that are not being used. We all pay for the costs when electricity is left on.

Landscape Sub-Committee For Common Areas

Residents from the Landscape and Operations committees met with Lasting Impressions personnel recently to discuss best methods for dealing with common area turf issues. Limiting erosion on slopes and hillsides and swales was an important topic as we toured the perimeter of our community. We also viewed some of the swale areas behind homes and the two ponds. Some conclusions we drew were to mow some of the steeper hills on alternate weeks, and where the turf was thin, to mow as needed. This will slow erosion, especially in the summer when non-irrigated grass stops growing. It was agreed to raise the mowing height in some swales to four inches to help slow down rainwater. We also want to remove any common area plantings, mulch or vegetation that will inhibit the free flow near the drainage grates. Finally, the inside slopes of the two ponds along with some of the steeper slopes in the common area perimeter will not be mowed. This will allow natural vegetation to grow and will help hold back eroding soil until the pond retrofit planting takes place in the fall. Chris Combs, who will oversee the landscaping for Lasting Impressions and his associates, John and Ricardo, offered many practical solutions to the challenges presented in our common areas. We appreciated the time they allocated to learning about the common areas and answering our questions. We all look forward to further discussions as we continue to improve our great community. As always, residents' inputs are appreciated. Please use the Landscape Form which can be downloaded at the official website for your comments.

CLUBS AND CLASSES

Symphony Village Bird Club

Members of the Bird Club attended the Eagle Festival at Blackwater NWR in mid-March. On the guided Eagle Prowl, we saw 11 bald eagles, large flocks of snow geese and tundra swans, a group of white pelicans (unusual in this area, but this is the third year they have wintered at Blackwater), great blue herons, a red-tailed hawk, tree swallows, and dunlins.

Inside the Visitor's Center, the "eagle cam" showed us two adorable fluffy chicks 10- and 12-days old. While we watched, a proud parent nipped off pieces of a fish and fed the babies. One of the chicks definitely got more than his/her fair share of this meal! The Eagle Prowl guide mentioned that on one day since the eggs hatched, you could clearly see a fish, a rabbit, and a duck on the edges of the nest – I wonder if eagle chicks prefer variety in their meals? The "osprey cam" showed an empty nesting platform since the ospreys had not yet returned to Blackwater, but four turkey vultures used the platform to perch on and to preen their feathers. Follow the eagles' and the ospreys' progress at www.fws.gov/blackwater.

In the program tents, we saw a gyrfalcon, a peregrine falcon, screech owls, a barred owl, a red-tailed hawk, and more. Despite the cloudy and chilly weather, we had a great time.

Delmarva Birding Weekend is **April 22-26**. There are many trips planned throughout Delmarva as part of the weekend – see www.delmarvabirdingweekend.org for a complete list. The Bird Club will go on a boat excursion titled "Bay Birds of the Kent Narrows" on April 23.

The Reading For Fun Book Club

The RFF book club met on March 17 to discuss the book, *The Night Blooming Cereus*, by Hal Wilson of Chester, MD. In fact, the author attended our meeting, explained how he came to write the book, and answered many questions. This was undoubtedly the most interesting meeting that we have had to date. We may never have another meeting with the author of our selected book present. On a scale of 1 to 5, the group rated the book 4.0.

For our April 21 meeting, June Silverman selected the book, *In the Country of Men*, by Hisham Natar. This book is written in the style of *The Kite Runner* and shows the plight of women in some foreign cultures. The group has not agreed on the book for our May

19 meeting. All residents are invited to join our club and enjoy the monthly refreshments, along with our lively discussions. Call Joan or Jack Hennessey for information. 410-758-4872.

The “Gazebo Gang” Symphony Village Garden Club

The Gazebo Garden Group met on March 21 to discuss plans for the spring. Of the 20 beds in the Gazebo Garden, we now have sponsors for 17 of the beds. That means we need three more sponsors. All residents are welcome! Perhaps you can team up with a neighbor to sponsor a bed. We met again on April 5 and started to clean the beds. We would like to have them in good shape for Easter Sunday. Dennis is trying to get us a load of mulch to dress our beds. There is a budget of \$700 for the 2009 garden. We have purchased new flags, and the group has voted to spend about \$200 for a combination bench/tool box for the gazebo. This unit is made of the same material as the Gazebo--a perfect match!

We are planning to have a memorial service on Memorial Day at the garden. Y'all come! The killdeer are once again nesting in the garden. The nest, containing four eggs, is located in bed S-5. Please do not disturb! The purple martins have arrived at the Gazebo martin house! We will keep you posted on martin arrivals at the other houses. Call Jack or Joan for information-410-758-4872.

NEIGHBORHOOD NEWS

The Surprise Mailbox!

Kay and Paul Blair often thought they got more than their share of lawn adornments—a fire hydrant, lamppost, and several utility boxes. They were assured, however, they were

lucky that they didn't get one of those gigantic mailboxes that service as many as 16 neighbors—and they hadn't, until now. Upon returning from their winter hiatus in Florida, Kay and Paul were surprised to see they now also had a mailbox. There is no doubt it was custom made for their lawn. Rumor has it that the anonymous (?) carpenter chuckled all the way to Encore on his mission to install the “Blair” mailbox.

Cycling to Find a Cure for Multiple Sclerosis

Washington College will host cycling and walking events on May 13 and 14 to raise funds to find a cure for Multiple Sclerosis and to help those afflicted with this disease. Four riders from Symphony Village will take on the MS Chesapeake Challenge of riding 62.5-miles on Saturday and another 30-miles on Sunday to raise funds. Each rider needs to raise money and your SV riders want to raise \$10.00 every time their odometer turns over another mile on Saturday (total of \$625 each).

The rides are 30-, 62.5-, and 100-miles on Saturday and 30- and 50-miles on Sunday. We're looking for additional SV riders to take on the challenge of the rides or to sponsor us for the challenge. If you would like to ride with us or sponsor us (tax deductible), please contact us to help us reach our individual goals. Checks can be made out to MS Chestertown Challenge and given to Amy and Royce Holm (443-262-8059) or George and Mary Drake (410-758-8266). The Maryland MS Society thanks you!

Win Cruise from Caruso

How does 12 nights in the Caribbean sound? It could be you setting sail on January 11 out of Baltimore toward St. Thomas, St. Croix, St. Kitts, Antigua and St. Marten. The Symphony Village resident who refers the most valid referrals to the sales center by December 15, 2009, will be packing bags for a celebration at sea. Of course along the way to becoming the big winner, you will get to enjoy meals on us--the monthly winner gets a \$100 gift card to fine restaurants on the Shore. If you think the trip is out of your reach, we have had 26 referrals to date with a two-way tie for the cruise (each having two). The monthly winner for May will win a \$100 gift card to Mason's in Easton. If you have any questions, feel free to contact the sales center.

NJBA Names Robert H. Karen the 2009 Legend of Housing

NJBA Past-President and Legends of Housing Committee Chair, Barry Solondz, says "Only those whose contributions are so significant and whose credentials warrant recognition in such a compelling manner receive the Legends designation. For his

considerable and measurable contributions to the home building industry in New Jersey, Bob Karen embodies those attributes which make him a true Legend of Housing."

On behalf of Caruso Homes and Symphony Village, we would like to thank Bob Karen for his involvement in our community and congratulate him on this award.

Hillwood Estate Tour

This is your last chance to sign up for the trip to Hillwood Estate, Museum and Gardens on May 13.

Hillwood is the estate of Marjorie Merriweather Post and is a breathtaking estate with gorgeous spring gardens. The bonus for us is that an exhibition of Mrs. Post's fancy ball costumes from the 1920's is showing in May.

The trip includes admission, film, audio tour, lunch, tax, and gratuities. The price is \$33 per person plus the bus. The price of the bus is separate and will be determined when we have the final count, but should be about \$18 to \$20 per person.

Please bring your check for \$33 to Laura in the Clubhouse by April 22 and choose your entrée for lunch. We will collect bus money later. If you have any questions, call Linda Farrar 410-758-8744.

The Atlantic Hotel in Berlin, Maryland Reopens

The Staff of Fager's Island announces the reopening of the historic Atlantic Hotel in Berlin, Maryland. This 1895 landmark originally known as the Hotel Atlantic consists of seventeen preserved rooms, a honeymoon cottage, the Drummer's Cafe and restaurant, and the Atlantic ballroom which is suitable for special occasions and private dinners. The Victorian rooms, ladies parlor, and generous hallways have been completely restored. New bedding, top quality linens and flat screen televisions are a few of the upgrades included in the restoration. The Drummer's Cafe, kitchen and common areas have been brought back to a period of glory once enjoyed under the supervision of Charlie Smith, (retired managing partner of Ocean City's Fager's Island). There will be lunch and fine dining daily as well as catering for special events. There is a full service bar associated with the cafe. The general manager is Robin Kauffman and the chef d'cuisine is the locally popular Leo D' Aleo.

Built in 1895 by Horace F. Harmonson and his wife, Virginia Lingo Harmonson, the Hotel accommodated many traveling salesmen, "Drummers," who crisscrossed the region during the turn of the century. In the early days there was a livery stable in back of the Hotel. It was on this site that sales of mules and horses were held. The livestock would arrive in Berlin by rail and then be driven up through the town from the station to the Atlantic Stable. Mr. Harmonson had a horse-drawn bus ready to meet incoming trains. The bus would carry passengers directly to the Hotel. "Drummers" would check into the Hotel and immediately order up a horse and buggy from the stable to make their rounds. In addition to the "Drummers," the Hotel was frequented by those on their way to the ocean, those interested in hunting and fishing (guides were readily available), and those who simply delighted in good food. The Hotel was purchased in 1986 by ten local businessmen intent on preserving a piece of history. The careful restoration process has returned the Hotel to its former glory. The hotel is located at 2 North Main in the historic village of Berlin, Maryland. www.atlantichotel.com (410-641-3589).
