MEET THE SV MANAGEMENT TEAM

by Karin Larsen

Getting to know more about Laura and Dennis was fun! Do you think you know everything about this duo? Let's see after reading all about Dennis this month and all about Laura in the June *Libretto*. (This writer acknowledges the information for Dennis and Laura was provided by and written by Laura Wright.)

MEET DENNIS

Professional Info: Dennis began regional property management in 1985 in Montgomery County, managing 6 properties. In 1990, he began HOA/Condominium Management, managing up to 13 properties, including commercial buildings. Then in 1996, Dennis, his wife Robin, and son Pete made a major life change and moved to an island off the coast of New Brunswick, Canada, called "Grand Manan." Dennis and Robin purchased an 11-bedroom lodge called "Shorecrest Lodge" that included a full service 40-seat restaurant, which they ran for 7 years. The lodge catered to bird watchers, whale watchers, and naturalists and required 24/7 maintenance such as making up the bedrooms, booking group tours, marketing, devising a website, and accounting. Additionally, there was cooking and cleaning the restaurant, not to mention hosting the guests. After 9/11, the tourism industry bottomed out and Dennis saw the writing on the wall. Dennis and Robin sold the business and decided to move back to Maryland. Since their daughter Rachel

was settled in Chestertown, they also found a home there--where they still live today. Almost four years ago Dennis found the position he currently holds at Symphony Village.

Personal Info: Dennis was born and raised in Arbutus, Maryland (the same town as former Governor Ehrlich). His mother was a homemaker and his father was a chemist for Lever Brothers. His parents just celebrated their 60th wedding anniversary. Dennis attended the University of Baltimore during which time he worked at a nursing home, working his way up from washing dishes to Human Resources (personnel management). Dennis married his wife Robin while still in college, and they have been married for 39 years. During the time that Dennis and Robin lived in Grand Manan, their son Pete met his current wife and ended up staying there. Pete and his wife have two children. Pete recently became a permanent resident of Canada and is working on Canadian citizenship. Dennis' second child Rachel attended college, married, and settled in Chestertown. Rachel has three children and works for Kent County Board of Education. Dennis loves the outdoors (especially in Canada), hiking, chopping wood, and building fires. He also likes football, historic shows, his new Chevy Equinox, movies, and gardening. He loved his (now deceased) dog Maggie so much that he can't bear to have another dog.

Libretto Hard Copy

A hard copy of the current month *Libretto* will be made available for you to read while relaxing at the Clubhouse. There is also a file of the last 12 months of the *Libretto* for reference when needed.

Computer Help

If you need help accessing the website, uploading pictures, reading email, etc., call Bob Rose. He would be glad to help.

All Are Welcome

Everyone is welcome to attend our next Publications and Communications meeting on Wednesday, June 2, at 7 p.m. in the Clubhouse Conference Room.

File of Life

Residents are encouraged to get a *File of Life* to put on their refrigerator. The *File* allows people to record the medical information necessary for EMTs to know should they be called. To get one, bring \$1.50 to the Clubhouse and purchase one from Laura or get one from Kathy Gauthier, 410-758-1743.

Advertisers

Please support our advertisers. At the end of the newsletter you will find their ads. Supporting our advertisers helps keep our HOA dues from increasing.

Need air-conditioning service? See **Steele's or Kudo's** ad at the end.

CLUBS AND CLASSES

Goodwill Fire Company Chief to Speak at SV – Thursday, May 20, 7 p.m.

The SV CERT (Community Emergency Response Team) invites the residents of SV to a presentation by Fire Chief R. Nathan Powell, IV from the Centreville Goodwill Fire Company, Inc. Chief Powell will present the structure of the fire department and the EMT/paramedics, staffing, response alerts and times, equipment, training, funding, and will entertain questions. The presentation starts promptly in the Clubhouse Grand Concert Hall at 7 p.m. on Thursday, May 20, and will be followed by the regular CERT team's meeting.

The Reading For Fun Book Club

The Reading for Fun Book Club met at the Clubhouse to review the book *Still Alice* by Lisa Genova, recommended by Pat Kindle. The story tells how Alice, a Harvard scientist, lapses into early onset Alzheimer's at the age of fifty. It is a sad and very moving novel. Every member of

the book club had stories to tell about how someone close to them developed Alzheimer's disease. The book is written from the perspective of a person who actually had the disease. Genova did extensive medical research to provide accurate details regarding the development of Alzheimer's. On a scale of 1 to 10, the book received a rating of 8.0. The book for our May 18 meeting is *The Art of Racing in the Rain*, by Garth Stein, selected by Betty Moulis. The story is written from the perspective of a dog, who believes he will be reincarnated as a man. Incidentally, our attendance has picked up since many of our residents have returned from Florida vacations.

The Gazebo Garden Club

It appears that due to vacations and work schedules, it is impossible to schedule a meeting that all members can attend. In spite of this, a meeting is scheduled for Thursday, May 20, at 5 p.m., at the gazebo. The purpose of this meeting is to ensure that the Gazebo Garden is in tip-top shape for the Memorial Day celebration. American flags will be ordered for placement symmetrically around the gazebo. Nineteen of the 20 beds now have volunteer caretakers. One more caretaker is needed to help maintain the twentieth bed (call Jack on 758-4872). Once again, the killdeer are nesting in one of the beds. Some predator apparently destroyed the last nest. The gazebo purple martin house has full occupancy. All residents are invited to sit in the gazebo and watch the amazing antics of the martins. The best time to observe them is around 7 a.m. or 7:30 p.m. One more resident has requested the installation of a martin house near their property. This will be financed by the resident and installed by the Garden Club. The four faucets near the garden have finally been repaired. This should facilitate the maintenance of the flowerbeds during the hot summer months.

The veggie gardeners have been hard at work! Special thanks to Dave Peterson, who provided a tiller and has done most of the tilling. A few tools are left at the garden for use by the farmers. Numerous vegetables, mostly tomatoes, peppers and squash, have been planted already. Some spinach, lettuce and arugula have already been harvested. In a few more weeks tomatoes and squash will be coming out of our ears, but unfortunately, no ears of corn!

Want to go out for breakfast, lunch, or dinner? See the ad for Mrs. B's Restaurant.

Symphony Village Bird Club

The birders ventured to Millstream Park early on Saturday morning, April 24, for their first field trip of the year. Sunshine and no wind made for a perfect morning to spot birds and other wildlife. It took three people to positively identify a white-throated sparrow, a cute little brown bird with alternating black and white stripes on its head and a small yellow spot between the eyes. The group wavered on the identity of a black bird and finally voted on a boat-tailed grackle. A pair of mallard ducks swam along the stream enjoying the balmy day. Other easily identified birds included seagull, mockingbird, robin, cardinals (male and female), tufted titmouse, American goldfinch, a red-bellied woodpecker, the chatty red-winged blackbird, a squawking blue jay, and soaring overhead, a cooper's hawk. We heard several other bird calls that sounded familiar, but we couldn't identify the songsters!

A special treat to our morning walk was spotted scooting through the water with a mission in mind. It turned out to be a big 'ol fat muskrat swimming up and down the stream munching on vegetation that floated by. At first we thought it might be a beaver since there was beaver information posted at one of the bridges, but since we could see neither a dam nor a big wide flat tail, we concluded it was most likely a muskrat!

After watching the activities of birds, squirrels, and muskrat, we called it a morning and headed home. We discussed our next trip and agreed it would be nice to stay within range of SV and see what's around the pond at the end of Taylor Mill Road. Check the Activities Book for a day and date for the next birding expedition. (Nancie Cameron)

Hummingbirds

The first ruby-throated hummingbirds, males, were seen in SV on April 30. The males return before the females, just as the males are the first to leave in the fall.

NEIGHBORHOOD NEWS

Please Water Your Trees and Rain Gardens!

The April showers did not come and so it falls to Symphony Village residents to bring supplemental water to the newly planted trees in the community. Please fill the treegator bags, which have been installed on all the new street trees twice a week until a one-inch rainstorm arrives. Then water at least once a week through the summer. It's up to us to protect our investment!

Water your rain gardens, too. You will reap the benefits with many beautiful flowers and butterflies now until fall.

What's With Those Boxes At the Ponds?

That's the question from many residents regarding the installation of tan monitor boxes most recently at Pond 2. According to Professor Ken Staver, of the University of Maryland Wye Research Center, "We are attempting to monitor the volume of water and concentration of nutrients leaving the ponds," and to, "...evaluate how effective the new designs are" in treating storm water. Our ponds will be compared to unmodified ponds in Northbrook. The monitoring instruments are housed in the boxes, and Mr. Staver hopes to conclude the research project in about one year. "It is a great opportunity to learn about new techniques for managing storm water, and we appreciate your (residents) cooperation," he added.

Thank You

Dear Friends of Symphony Village -- Allen, Robert, and I wish to "Thank You" all for your prayers and concern for Allen. Even though he is home and walking Rufus, he still has a long way to go before he will be his normal, healthy self. Everyone has been so thoughtful and kind that we know moving here was all part of God's plan for us. Fondly, Marion Beck

Six Birthday Gals

Birthday gals and invited guests gathered on April 29 to celebrate six March and April birthdays on the 800 block of Harmony Way and on Orchestra Place. A rousing good time was had by all.

Humor in Symphony Village

A Senior Moment A resident finished sewing a button back onto her robe and reached for

scissors to cut the thread. She then noticed that the needle was no longer on the end of the thread. She spent a good 5 minutes searching for it – it wasn't on the robe, it wasn't on her clothing, it wasn't on the chair cushion, it wasn't under the chair cushion. She even got down on the floor (no longer an easy feat!) and searched on the rug. Nothing! She gave up. Where else was there

to search? She cut the thread and began to put the sewing supplies away. And there was the needle – right there in the pin cushion!

Another Senior Moment A resident was in her car driving to the MD Inspection Station. She

heard a *beep*. She wondered where it had come from – in over 10 years, her car had never made that noise before. It happened again – *Beep*! At the Inspection Station, the car passed so the beep couldn't be too important. As she drove home, the *beeping* continued every 5-10 minutes. The resident continued to wonder, "What on earth...?" She took the car's Owner's Manual

inside when she got home to read it to solve the mystery of the car's repeated beeping. But as she studied the Owner's Manual, she heard the *beep* again! But the car was in the garage! The culprit was soon identified – her cell phone was *beeping* to tell her its battery was low.

Pet Humor

Dinner was finished and the kitchen tidied. I went upstairs to turn on the computer; Murphy

stayed downstairs. I hadn't been up there long when I heard a *crash* downstairs. I listened, but didn't hear anything else so I didn't get up. In a few minutes, I heard a commotion of some sort – again from downstairs. I looked over the railing and saw that Murphy was into *something*. I went downstairs. There was Murphy, surrounded by bits of cardboard, munching happily on a now newly "opened" box of dog biscuits. I had left that new box

on the floor of the pantry to have it handy when the already opened box was empty. I had left the pantry door open, but Murphy has never done anything like this before. Now, not only had Murphy gotten himself a large snack, but I had to empty the biscuits in the new box into the old box since the new box was no longer usable as a "biscuit container." Judging from the look he gave me, if Murphy could talk, I think it might have been along the line of, "Don't look at me like that! This is entirely <u>your</u> fault. <u>You</u> left the pantry door open." (Ellen Norman)

RESTAURANT REVIEW

By Karin Larsen

Harry's at the Goldsborough House

Harry's is a special place where the food, atmosphere, and service never disappoint. Where else can you relax in a beautiful, yet comfy Art Deco dining room, in an historic and beautiful home

where the gracious host owners/chef cooks the most sumptuous made-to-order dinners? Only Harry's seeks to ensure you are wowed. The friendly staff will ensure you are happy sitting on the sunporch watching the pond with lush gardens, or relaxing in front of the fireplace, or enjoying the 1930s antique infused bar, sampling beers from around the globe. Harry, himself, may be serving you in this beautifully styled bar complete with Cognacs from Delamain to Louis XIII and the "driest Martini on the shore."

Opening in 1991, in the small town of Greensboro, this stylish building stands out with its large purple and black Victorian design. Over the years, we have appreciated the brilliant dishes prepared by the owner/chef. My husband Bruce's favorites are the grilled fillet mignon, the charbroiled lamb chops with English mint sauce, and the mixed grill of duck breast, quail, Surry sausage and shrimp, but not all at once! My own favorite dish is pistachio crusted orange roughy, made with honey and ginger. The salads are special. One to try is the grilled Asian pears, Montrachet and candied pecans on blackberry vin. with greens, roasted beets, walnuts, cranberries, feta, and Vidalia vinaigrette. Also taste the sultry blend of flavors in the Louisiana gumbo and the delicate and creamy sweet cream of crab soup.

For a finale at Harry's, try our two favorite desserts--"Amaretto in a Cloud" and the "Hot Fudge Ice Cream Puff." Don't take my word about how perfect Harry's is. Drive about 15 miles, the same distance more or less to Kent Island, and after you are dazzled by your visit, don't forget to browse in the shop filled with art, food, and gifts.

Trips are scheduled on **June 6**, June 19, July 11, July 31, and August 15. There are three trips each day – 9 a.m., noon, and 3 p.m. Cost is \$70 per person and reservations are required. For the other dates

and more details, go to www.amaritime.org.

Thursdays in the Park

Free summer concerts at locations throughout the county resume on **June 10** at Millstream Park in Centreville. This is great entertainment that is family friendly and free of charge. The Chesapeake Community Band will play American standards and other tunes on June 10. The concerts take place rain or shine, but please call the QAC Arts Council (410-758-2520) in case of severe weather warnings.

29th Annual Bay and Music Festival

A great day of the region's best blues, rock and roll, rockabilly, and bluegrass will take place on **June 12** at the 4-H Park Centreville. There will be plenty of food, drink, and fun for the entire family. Gates open at 2 p.m. with the show taking place 3 - 10 p.m. Admission is \$16 in advance, \$20 at the gate, children under 12 are admitted free of charge. The event is sponsored by the Centreville Lions Club. For more information, go to www.pacificsol.com/baymusicfest.htm.

Youth Fishing Derby

QAC Parks and Recreation will host a youth fishing derby on **June 12** at Terrapin Nature Park Pond, 9 a.m. – 1 p.m. Children can try to catch the biggest fish, the smallest fish, and the most fish in their age group (5 and under, 6-10, and 11-16). Cost is \$7. There is a prize giveaway every half hour. For more information, go to www.parksnrec.org. The program number is 801001.

Annapolis Arts and Crafts Festival

This is an outdoor festival featuring juried fine arts and crafts from over 200 artists including painters, photographers, printmakers, sculptors, nautical artists, plus craftsmen making furniture, jewelry, wearable art or working in glass, wood, clay, fabric, metal, or leather. There are activities for the whole family. It takes place on **June 12-13** at the Navy Marine Corps Stadium in Annapolis, 10 a.m. – 6 p.m. daily. Admission is \$8 adults; \$5 seniors (65 and up); \$5 youth (ages 12-18); and children under 12 are admitted free of charge. For all the details, go to www.annapolisartsandcraftsfestival.com.

Gardens By the Sea

On **June 12-13**, the public is invited to enjoy a self-guided tour of fifteen beautiful private waterfront gardens on Kent Island and in nearby areas, including Queenstown. Enjoy all kinds of beautiful plants in unique seaside settings on the Bay and on the Chester River. Docents or guides will greet visitors at each garden and present special features that make the gardens unique. Tickets are \$20 per person in advance (good for two days) and \$25 on the day of the event. Order tickets early (by calling

Kent Island Federation of Arts at 410-643-7424) and a map and guide to the gardens will be mailed to you. Visitors may also preorder a bag lunch for \$6. Tour hours are 10 a.m. – 4 p.m. For more information, go to www.kifa.us.

Kids on Campus at Chesapeake College

The Kids on Campus program includes many exciting educational opportunities that are planned for students entering grades 2-10 in the fall. The program runs **June 21** – **August 6**, scheduled one week at a time. There are over 90 programs to choose from. Most programs are half day, but combine two and it is a full day of fun. Before and after care is available. The brochure includes a complete schedule of all the offered programs as well as registration forms. Class sizes are limited so register early (prior to **May 30** is suggested). To view the brochure and get a registration form, go to www.chesapeake.edu/continuing_ed/kidsoncampus. You can also call Chesapeake College at 410-822-5400, extension 300, or email them at kids@chesapeake.edu.

RECIPE OF THE MONTH

Grandma's Russian Tea Cookies

From the kitchen of Karin Larsen

1 cup butter, room temperature 2 cups of all-purpose flour ½ cup powdered sugar ½ teaspoon baking soda 2 tsp vanilla extract 1 cup chopped pecans Extra powdered sugar

- ✓ Preheat the oven to 350 degrees.
- ✓ In a large bowl, mix and beat butter, powdered sugar, vanilla, and salt until light and fluffy.
- ✓ Gradually add in flour and baking soda and beat until well blended.
- ✓ Stir in the pecans.
- ✓ Drop dough by teaspoonful, 1 ½ inches apart, on an ungreased baking sheet.
- ✓ Bake for 13-15 minutes or until edges begin to brown lightly.
- ✓ Remove the cookies from the sheets and cool on a rack.
- ✓ While warm, sift powdered sugar, generously over tops of the cookies. Makes about 5 dozen (1-1/2 inch) cookies. Enjoy!
